Quality Check

Local fallback analysis generated for test.

Confidence Warnings

- This is a heuristic fallback - directional, not factual.

Negotiation Playbook

Talking Points

- Ask how success is defined in the first 90 days.
- Clarify actual hours and on-call expectations.
- Request the salary band and level mapping.

Counter-Offer Template

Thanks again - I am excited about the opportunity. Based on the scope we discussed, I would like to revisit the compensation before moving forward.

Red Lines

- Undefined scope with no success criteria.
- Frequent after-hours work without compensation.

Signals are interpretive, not factual claims. Always do your own research before accepting an offer.
